

Toy Story Land to open at Walt Disney World Resort on 30th June 2018

A big new way to play is coming to Disney's Hollywood Studios this summer

It's a joy-filled, toy-filled world as only Disney can create, and it opens 30th June 2018. The all-new **Toy Story Land** at **Walt Disney World Resort** is inspired by Disney Pixar's *Toy Story* films.

Guests in Toy Story Land – located at Disney's Hollywood Studios – will feel like they have shrunk to the size of a toy as Woody, Jessie, Buzz, Slinky Dog, the Aliens, Green Army Men and other fun-loving *Toy Story* characters come to life in the larger-than-life outdoor setting of Andy's backyard.

And what a backyard. In a rich and colourful landscape straight from his vivid imagination, Andy has set up his toys for the best playtime ever. Guests will be surrounded by giant building blocks, game board pieces and more.

Across eleven fun-filled acres, Toy Story Land will include two all-new attractions and one expanded favourite. Guests will whoosh along on a family-friendly roller coaster behind Slinky Dog, take a spin with flying saucers in toy spaceships and score high on the midway.

Toy Story Land will also celebrate what once defined entertainment for a generation. Crayons, Rubik's Cubes, Cooties, Green Army Men and other toys and games will pour on the nostalgia for park-goers. Even

the lampposts will be shaped like Tinkertoys.

“With set pieces, staging, attractions and experiences Toy Story Land represents the best of Walt Disney Imagineering’s collaboration with our storytelling partners at Pixar Animation Studios,” said Bob Chapek, chairman of Walt Disney Parks and Resorts. *“This new land will place guests inside the wondrous world of Woody, Buzz and their pals -- and invite everyone to experience the joy of being a toy.”*

Here’s the rundown:

- **Slinky Dog Dash.** Andy has assembled his roller coaster kit for maximum family fun. Tracks and supports in bright colours of red, orange, yellow and blue are put together according to Andy’s hand-drawn plans, with Rex and Jessie lending a hand. And to complete his creation, Andy picked up everyone’s favourite floppy-eared dachshund with a strrrrrretch-ing slinky coil belly and dropped it on to the coaster track. Get ready to ride inside Slinky Dog’s coils! **Slinky Dog Dash** is inspired by the delightful pooch spinoff of Slinky, the 1950s American toy classic. Riders of all ages will delight as Slinky Dog bends and twists his coils around curves, hills, bridges and drops in the Slinky-est coaster ever. Riders will zip around and above Toy Story Land, serving up panoramic views of all that the new land has to offer. Andy’s colourful creation will stretch Slinky Dog and his coils to the max - from his head to his upturned tail – and be fun for the entire family.
- **Alien Swirling Saucers.** Brace yourself for out-of-this-world thrills because the aliens have powered up their flying saucers! **Alien Swirling Saucers** will immerse guests in the playful world of Andy’s toys. This galactic space toy is designed as a play set that Andy won at the Pizza Planet restaurant. Adorable little *Toy Story* green Aliens swirl about in their flying saucers with guests in tow in their rocket-ship toys, while “The Claw” hangs overhead. This space adventure is bathed in music reimagined for intergalactic fun, dappled with multi-colour lighting and sound effects from throughout galaxies.
- **Toy Story Mania!** While Andy’s away, the toys will play. One of the most beloved attractions at Disney’s Hollywood Studios, **Toy Story Mania!**, gets an all-new colourful toy carnival game box entrance when the new land opens. In fact, this is the box that the **Toy Story Mania!** game came in. Recently updated with a third track, the popular attraction will put even more guests in the carnival playset action taking aim at 3D objects – using everything from baseballs to cream pies – in a variety of whimsical, fast-paced games. To the high-scorer go bragging rights.

When it’s time for on-the-go refreshments, **Woody’s Lunch Box** will serve up tasty meals and old-fashioned soda floats from a walk-up window in a setting surrounded by Andy’s favourite toys and a giant vintage thermos. **Woody’s Lunch Box** will also feature Mini Babybel – the Official Snack Cheese of Walt Disney World Resort.

Toy Story Land is part of a multi-year reimagining of Disney’s Hollywood Studios and the largest expansion in the theme park’s history. Next year will see the premiere of the all-new, 14-acre Star Wars: Galaxy’s Edge. This new land will allow guests to visit a remote trading port on the edge of wild space, where Star Wars characters and their stories come to life – and where guests will find themselves in the middle of the action. Also coming in 2019 is Mickey & Minnie’s Runaway Railway. The first ever Mickey-themed ride-through attraction will feature new technology, dazzling visual effects and mind-boggling transformations that put guests in the whacky and unpredictable world of a Mickey Mouse cartoon short.
