

What's Next For 2018 And Beyond at Walt Disney World

TOY STORY LAND COMING TO DISNEY'S HOLLYWOOD STUDIOS (Opening 30th June 2018)

On 30th June 2018 Disney unwraps a joyful, toy-full surprise for its guests with the opening of the all-new Toy Story Land at Disney's Hollywood Studios. Stepping into their favourite Pixar blockbuster films, guests will feel like they've shrunk to the size of a toy as they play in Andy's backyard with their favourite Toy Story pals, including Woody and Buzz. Using toys like building blocks, plastic buckets and shovels and game board pieces, Andy has designed the perfect setting for this land. This new 11-acre play space will include two new attractions and one expanded favourite:

- Inspired by the playful dachshund spinoff of Slinky, the American toy classic, **Slinky Dog Dash** will be a family-style coaster that will send riders dipping, dodging and dashing around turns and drops that Andy has created to stretch Slinky and his coils to the max.
- Bathed in music, lighting and sound effects, **Alien Swirling Saucers** is designed as a play set that Andy got from Pizza Planet, inspired by the first "Toy Story" film. Famous little green aliens from the movie are flying around in their toy flying saucers and trying to capture your rocket toy vehicle with "The Claw."
- A third track has recently been added to the hugely popular **Toy Story Mania!**, which invites guests to take aim at 3D objects in a variety of whimsical, fast-paced games.

When it's time for refreshment, Woody's Lunch Box will be a new quick-service window serving tasty meals and old-fashioned soda floats. Walt Disney World Resort will collaborate with Mini Babybel to bring Woody's Lunch Box to life.

STAR WARS: GALAXY'S EDGE NEW THEMED LAND ARRIVING AT DISNEY'S HOLLYWOOD STUDIOS (2019)

A Star Wars-themed land is coming to Disney's Hollywood Studios, where Star Wars characters and their stories will come to life. Highlights feature two signature attractions, including the ability to take the controls of one of the most recognizable ships in the galaxy, the Millennium Falcon, on a customized secret mission, and an epic Star Wars adventure that puts guests in the middle of a climactic battle. Characters including BB-8, Chewbacca, Rex and Kylo Ren will be on hand to meet guests.

Currently, guests visiting Disney's Hollywood Studios can step into *Star Wars* experiences with exciting live entertainment, out-of-this-world encounters with favourite *Star Wars* characters, special displays inside *Star Wars* Launch Bay that take guests behind the scenes of the epic saga, and a first-ever themed tour.

Here are all of the *Star Wars* experiences in store for guests at Disney's Hollywood Studios:

Star Wars Launch Bay *Star Wars* Launch Bay is a multi-sensory space celebrating all things *Star Wars* where guests can interact with iconic *Star Wars* characters, tour galleries featuring treasured memorabilia and detailed replicas of *Star Wars* props and have access to special *Star Wars* merchandise.

- **Meet BB-8** – A docking bay leads to a Resistance freighter where guests will discover the loyal droid BB-8 from *Star Wars: The Force Awakens* starting this April.
- **Launch Bay Theatre** – Guests hear directly from the creative minds behind the *Star Wars* saga in a short video that includes exclusive interviews with the directors, writers, producers, key movie crew members and Imagineers who bring the saga to life.
- **Special Character Encounters** – After entering a themed atrium complete with authentic replicas of *Star Wars* props, guests journey to the dark side and come face to face with Kylo Ren in a 360-degree immersive area themed around the Star Destroyer, or they may choose the light side by stepping into a makeshift Rebel base to meet the most famous co-pilot in the galaxy, Chewbacca.
- **The Cantina** – This setting, inspired by the unsavoury “hives of scum and villainy” in the *Star Wars* galaxy, is a fun place to explore and take photos near elements of the cantina, such as a holochess game table.
- **Themed Galleries** – Special immersive galleries featuring authentic replicas of movie props, star ships and more are located throughout *Star Wars* Launch Bay.
- **Launch Bay Cargo** – Guests may bring home a variety of *Star Wars* merchandise, including original artwork and collector's items.

Star Tours – The Adventures Continue Randomized tracks have returned to Star Tours – the Adventures Continue, the popular attraction that uses motion simulator-based technology. Instead of each ride experience launching from the planet of Jakku, the attraction is randomized to both start and end at different locations for every galactic journey. New scenes from “*Star Wars: Episode VIII*” will be added to Star Tours later in 2017.

Jedi Training: Trials of the Temple This popular entertainment offering was reimagined with new characters and a new villain to battle from *Star Wars Rebels*, the popular Disney XD series. Younglings are magically transported to a secret and ancient Jedi temple where they will face villains such as Darth Vader, and discover if they have the makings of a true Jedi.

Star Wars: Path of The Jedi Guests re-live stories from the *Star Wars* saga with this abridged, cinematic reel featuring scenes from the complete *Star Wars* saga and gives anyone new to the *Star Wars* galaxy an opportunity to get acquainted with the films.

March of the First Order Clear the way for Captain Phasma as this ruthless commander leads her squad of Stormtroopers up Hollywood Boulevard to Centre Stage at Disney's Hollywood Studios—and witness a daunting demonstration of the First Order's obedience and strength.

"Star Wars: A Galactic Spectacular" The night-time spectacular "*Star Wars: A Galactic Spectacular*" fills Center Stage at Disney's Hollywood Studios with memorable moments from the "*Star Wars*" films, presented as never seen before using state-of-the-art projection, lasers, lighting, pyrotechnics and other special effects.

Star Wars: A Galaxy Far, Far Away Witness the power of a live show that brings iconic *Star Wars* scenes to life—including moments from *Rogue One: A Star Wars Story*.

Guided Tours For the ultimate fan comes the ultimate tour. An all-new *Star Wars* guided tour is a seven-hour immersion in all the park's current *Star Wars* experiences. Here's what it includes:

- A *Star Wars* "all-in-the-know" tour guide
- Priority boarding for Star Tours – The Adventures Continue
- Encounter two *Star Wars* characters (Chewbacca and Kylo Ren) at *Star Wars* Launch Bay
- An in-depth, insider's tour around *Star Wars* Launch Bay

LIGHTS, CAMERA, MORE AT DISNEY'S HOLLYWOOD STUDIOS

Guests will experience the first-ever Mickey-themed ride-through attraction, **Mickey and Minnie's Runaway Railway**. The new state-of-the-art attraction with 3D effects will take guests on a journey inside the wacky and unpredictable world of Disney Channel's Emmy Award-winning "Mickey Mouse" cartoon shorts.

EXCITING ADDITIONS COMING TO EPCOT

In time for Walt Disney World's 50th Anniversary, grand plans are in place for Disney's discovery park. Patterned after the number one family attraction at Disneyland Paris, **Ratatouille** will bow in an all-new space at the France pavilion. Epcot will also welcome a new E-ticket attraction based on the rockin' world of **Guardians of the Galaxy** – versioned to an Epcot story. **Green Mission at Mission: SPACE** will treat guests to a stunning tour around the Earth and an updated **Orange Mission** will make the trip to Mars even more spectacular. Adjacent to Mission: SPACE a **new restaurant** will open its doors, inviting guests to travel high above Earth for an unforgettable dining experience.

MORE MAGIC IN STORE AT MAGIC KINGDOM

Shanghai Disneyland's highest-rated attraction is coming to Florida. A thrilling **Tron-themed attraction**, based on the popular movie franchise, will be added in a new area near Space Mountain. In addition, a new **live entertainment theatre** based on the iconic Willis Theater in 1920s Kansas City will make its debut near the park's entrance on Main Street, U.S.A.
